

Pharmaceutical and biotech experts of Körber Group present joint portfolio in 24/7 online virtual showroom

Hamburg, September 11, 2020 - One of the leading solution providers for the pharmaceutical and biotech industry is bundling its competencies and presenting itself on the market with immediate effect under the Körber brand. This means: Medipak Systems becomes Körber. The new market presence is going to be celebrated with a virtual showroom, where customers from all over the world will be able to learn more about Körber's growing portfolio in Pharma.

"By bundling our competencies under the Körber brand, our customers will benefit even more from our concentrated know-how, while our proven quality, contracts and personal contacts will remain the same," emphasizes Jörn Gossé, CEO Körber Pharma.

The Business Area Pharma (previously Körber Medipak Systems) of the international technology group Körber includes the companies Dividella, Fargo Automation, Mediseal, Rondo, Seidenader Maschinenbau, Systec & Services, Traxeed and Werum IT Solutions. Together the companies offer their customers worldwide a unique combination of software and hardware as well as integrated solutions along the entire pharmaceutical value chain. In the future, the pharmaceutical and biotech experts of the Körber Group will present their profound experience spanning consulting, inspection, handling, packaging machines and materials, track and trace and software. The start of the new market presence is going to be celebrated by the launch of a virtual showroom in September.

Experiencing innovations in the virtual showroom of Körber Pharma

"With our virtual showroom, we want to provide our customers with 24/7 access to the latest information on all products, services and innovations offered by Körber Pharma, even without a physical visit to a trade show", explains Christian Gamperl, Director Marketing Körber Pharma. The customer value is clearly visible for each product and solution at <https://koerber-pharma-showroom.netlify.app/en>. Additionally, with simply one click, users are able to make an appointment for a personal exchange with one of the Körber Pharma experts. The virtual exhibition is currently available in English, but a Chinese version will soon be available as well.

"With more than 125 years of experience in the highly regulated pharmaceutical industry, we truly understand the process and regulation challenges our customers face day to day, from the beginning to the end of their production" states CEO Jörn Gossé. "That is why we offer

integrated solutions that reduce complexity in pharmaceutical production while increasing process efficiency. This is exactly what our customers experience in our virtual showroom.“

The aim is for customers from the pharmaceutical and biotech industries to be able to concentrate fully on their core business and use the solutions of Körber's Business Area Pharma to unlock the full potential of their production.

About Dividella Solutions at Körber Pharma Packaging

Körber Pharma Packaging offers....

Dividella Solution describes a highly distinctive modular and integrated approach to secondary packaging for the pharmaceutical industry based on specific expertise in integrated and monomaterial solutions and of the packaging requirements for parenteral products. Patented Dividella NeoTOP top-loading and NeoTRAY feeding systems form the basis for solutions that have continually evolved to provide the most up-to-date, patient-friendly and environmentally responsible solutions for parenteral packaging.

Dividella provides complete secondary packaging solutions for medicinal products that can be difficult to stack, such as needles, injector pens, vials and syringes. Its top-loading solution enables product handling with extreme care and safety. The companies patented feeding systems guarantee that all products are handled with appropriate care while maintaining high output.

The Dividella AG has a proven record of accomplishment in highly innovative and effective solutions for secure and flexible handling and packaging of pharmaceutical products spanning more than four decades.

Based in Grabs in the Canton of St. Gallen in eastern Switzerland, the company serves 20 of the world's largest pharmaceutical companies among its clients, including the top ten.

About Körber's Business Area Pharma
