

November 2016

New Finance Director appointed at Matcon

We are delighted to announce that Israr Ghulam has joined us as our Finance Director. Israr succeeds Stephen Ball who, as previously announced, was appointed to the position of Managing Director at Matcon in January 2016.

Israr will manage his duties alongside his other position as Finance and Site Director of Gast Europe (based in Redditch), which is also part of the IDEX Corporation.

An experienced finance professional, Israr has extensive corporate experience and joined IDEX in November 2014, having previously worked as Finance Director for Eaton, a Power Management Solutions provider. This role involved the overseeing of Finance functions across two manufacturing sites, one in the West Midlands and another in France. Prior to this, Israr held a finance position at Mettler-Toledo, a respected supplier of Matcon.

Israr will be responsible for all elements of the finance function for Matcon and will ensure that Matcon's finance team evolves in tandem with its business growth initiatives.

Commenting on his appointment, Israr said "Joining the Matcon team is an exciting challenge and I am looking forward to working with the wider team as well as combining this role with my existing position at GAST".

Matcon

Headquartered in Evesham, UK, Matcon specialise in providing IBC (Intermediate Bulk Container) Systems for handling and processing powders, granules, tablets and capsules. Our unique Cone Valve technology has a world-wide reputation built on 35 years of experience across the food, pharmaceutical and chemical sectors.
